

YOUTH DEVELOPMENT ADMINISTRATION, MINISTRY OF EDUCATION

2024 Global Youth Action Plan

June-August, 2024

Dear Sir or Madam,

On behalf of the Youth Development Administration, Ministry of Education of the Republic of China (Taiwan), it is my pleasure to inform you that 一鄉人 GenDot (team's name) is funded to attend the 2024 Global Youth Action Plan.

The team attended a competition held by the YDA. During the competition, they proposed a plan to solve current social issues and to achieve SDGs. Thus, they were funded to carry out the plan which includes conducting online interviews with outstanding international organizations that dedicate to solving social issues.

After interviewing all the organizations overseas, the team will improve and execute their plan based on the feedback and creative ideas gathered through the interviews. The ultimate goal is to realize their action plan and to successfully solve the social issues in Taiwan.

I sincerely appreciate the valuable opportunity to communicate with your organization, and to create a better world for the next generation. The team plans to interview your organization this summer. If permitted, please kindly suggest them when you are available for the online interview.

Regarding any further questions or suggestions about the interview or the action plan, please

contact the team. If there are any difficulties on interview arrangement, I will be very grateful if you could recommend them other NGOs, social enterprises or organizations that are focusing on the related issue.

I hope the interview inquiry will merit your favorable response.

Thank you for your time. I sincerely look forward to your promise of experience exchange and future cooperation.

Yours sincerely,

Chen, Hauck Yu

Director General

Youth Development Administration, Ministry of Education

Republic of China (Taiwan)
